Notes: Transparent: transmits light, Translucent: semi-transparent, Opaque: transmits no light

¹Please be aware that internal hardware fittings can be seen through transparent inserts.

Customers can supply insert material - thickness limited to 5 mm for all profiles except 50/01

* Suitable for 50/01 Box Profile

† Only colours selected from the colour charts of recognised paint manufacturers will be accepted. Final installed painted doors may appear to vary from the colour selected. The usual causes are: the colour is viewed through the glass or position, lighting, competing colours, glass type and processing conditions.

Where glass splashbacks are supplied by others, colour variance can occur due to differing thickness of glass. No responsibility for minor colour variations can be accepted by Alsert Doors.

ALL INSERTS ARE SAFETY RATED
